SUMMARY

Front-end developer transforming ideas into engaging, user-friendly digital experiences. Former medical student turned software developer, bringing a unique blend of analytical precision and creative problem-solving to every project. Adaptable, detail-oriented, and experienced in remote collaboration, I'm ready to create something remarkable together.

SKILLS

- Front-End:** JavaScript, React
- Back-End:** PHP, PostgreSQL, MySQL
- Toolkit:** Git, GitHub, npm, Webpack, Vite, Jest, ESLint
- Professional:** Remote Pair-Programming, Teamwork, Flexibility

EXPERIENCE

[MICROVERSE](#) May 2023 - Nov 2023

- Developed dynamic web applications using JavaScript and React/Redux, implementing state management, reusable components, and API integration, while optimizing performance and ensuring smooth user experiences.
- Collaborated with international developers through pair programming and agile workflows, utilizing Git Flow for version control and conducting regular code reviews to deliver high-quality projects.

[NCC Education \(KMD\)](#) Jul 2022 - June 2023

- Level 4 Diploma In Computing**
- Gained foundational knowledge in computer systems, databases, front-end web development, and object-oriented programming, while building practical skills in JavaScript, HTML, and CSS.

- Level 5 Diploma In Computing** Sep 2024 - Present
- Currently focusing on Agile development, back-end web development with PHP, and mobile app development using Kotlin, enhancing skills in database management, API integration, and mobile app architecture.

EDUCATION

[MICROVERSE](#) May 2023 - Nov 2023

- Remote Full-Stack Web Development Program**
- Collaborated with international developers for over 5 months through remote pair programming, utilizing GitHub and Git Flow to build 10+ projects with JavaScript and React/Redux, enhancing teamwork, version control, and development skills, and earned [certifications](#) upon completion.

[NCC Education \(KMD\)](#) Jul 2022 - June 2023

- Level 4 Diploma In Computing**
- Gained a strong foundation in computer systems, databases, front-end web development, and object-oriented programming, while developing essential problem-solving and analytical skills for IT solutions.

- Level 5 Diploma In Computing** Sep 2024 - Present
- Advanced knowledge in network security, mobile app development, agile methodologies, and back-end web development, with hands-on experience through projects and professional IT practices.

[University of Medicine-1 \(Yangon\)](#) Dec 2015 - March 2020

- Developed strong analytical and problem-solving skills, and ability to learn complex concepts under pressure.
